BOY TRIES TO KILL HIS MOTHER

**Attempted to Shoot Her and
Failed—Then Tried to Brain
Her With an Ax.**

Armed with a 22-caliber rifle and an ax, fourteen-year-old Arthur Gravatt made a desperate attempt this morning to kill his mother, Mrs. Kate Gravatt of 938 Thirty-fourth street. A disordered mind is supposed to have been the cause of the trouble. The youth was prevented from carrying out his design, partly by the superior strength of his mother and the timely interference of some neighbors, who had been attracted by the woman's cries for help.

The battle took place about 11 o'clock this morning in the kitchen of the family residence. Mrs. Gravatt was busily engaged in doing her housework. Her son, Arthur, had been playing in the back yard by himself. When suddenly, without warning, Mrs. Gravatt turned, to find herself confronted by her son, armed with the rifle and ax.

Without saying a word, the boy pointed the gun at his mother's head and taking careful aim, would have fired, had not the woman recovered herself sufficiently to catch hold of the gun barrel and point it out of range.

Seeing that he was prevented in using the firearm the crazed youth took the ax in both hands and raised it above his head and again came at his mother. The now terrified woman ran from the room, loudly calling for help. The boy pursued the fleeing mother from one room to another until, exhausted, she

HARMONY IN RANKS OF PARTY

REPUBLICANS IN CONVENTION
STAND BY DOCTRINE OF
THE G. O. P.

CHICAGO, Oct. 3.—Delegates to the Convention of Republican Leagues met today with the expectation of finishing their business and concluding the meeting today with a speech by Senator Beveridge of Indiana.

Interest centered in the report of the Committee on Resolutions. While attempts have been made to have the League take action in regard to a League platform, it was the general impression before the Convention was called to order that the League would not deviate from its previous course—that is, not to originate doctrines, but to proclaim the doctrines already accepted by the Republican party.

J. Hamilton Moore of Philadelphia was elected by acclamation. The president-elect, when he took the stand from reading President Hamilton's message, made a brief speech in which he urged the necessity of the League in making the success of the Republican party. The committee on time and place of next meeting, after mentioning P. M. Hall, Missouri, and California as candidates, left the matter to the Executive Committee. The platform as presented by the Executive Committee was then presented to the delegates, who adopted it without discussion.

SCHOOL BOARD TO MEET.

There will be a regular meeting of the Board of Education next Monday night at 7:30 o'clock.

EIGHT YEARS IN PRISON FOR BOGUS LIEUT. COFFEY

Edgar N. Newman, alias Lieutenant Coffey U. S. A., who, under the pretense that he was a Lieutenant in the United States Army, forged a check and fraudulently received \$150 in the name of Mrs. Barbara Allen of the Gallardo Hotel, was sentenced to eight years in the Penitentiary at San Quentin, this morning by Judge Melvin.

A plea for clemency on the part of the Court was made by Attorney Fry who represented the defendant. Mr. Fry said that the accused was young. The charge against him was the first offense with which he had been connected. The defendant had pleaded guilty. If he were given a short sentence, he would come out of the Penitentiary at a period of his life which would enable him to reform and begin life anew. If, on the other hand, the accused should be given a lengthy sentence, he would come out of the Penitentiary at a period late in life when a reform would not have the same beneficial result. The accused was sorry for his offense. The money obtained had been returned to the owner, and the party wronged was not unwilling that the sentence should be light.

stood at bay and as the boy raised the implement to bring it down upon her head, she stepped to one side and caught the handle as the ax was about to descend, and forced it from the boy's grasp.

Still undaunted in his attempt to kill his mother, the boy grappled with her and tried his best to close his fingers about her throat. A desperate struggle for supremacy ensued, during which the boy succeeded in pulling out handfuls of his mother's hair, and with his fists struck her in the face, while sometimes he acted like a wild animal and bit and scratched.

Finally the woman's strength proved too much for the boy and he ceased his struggles. Neighbors arrived and word was sent to the city prison. The patrol wagon was dispatched and the boy brought before Captain Wilson. At the city prison the boy seemed docile enough and could give no reason for his strange actions. His answer to every question was "I don't know." Upon being searched, a pocket full of ammunition was found upon him.

Later in the day Mrs. Gravatt appeared before the authorities and stated that her son was subjected to fits and for the last month had been acting strangely. She requested that he be sent to an asylum, as she was afraid of him while he was at liberty. As yet no such disposition has been made of the boy and he remains at the prison.

BOLD BANDITS RAID TOWN IN MEXICO

THEY TERRORIZE THE PEOPLE
AND STEAL ALL THE MONEY
IN SIGHT.

TUCSON, Ariz., Oct. 3.—Advisers from Guaymas tell of a daring raid on the town of Ranchari in the State of Sonora near Hermosillo, by a party of bandits supposed to have been led by Bravo Juan. According to the information, on the night of September 29th, a half dozen bandits rode into the town and took possession of the business section. Guards were placed outside while two of the men entered the stores and looted them of money and valuables. On one store, it is said, they secured \$10,000 from its hiding place, in an old trunk.

The inhabitants of the town were terrorized by the bold affront of the thieves and offered little resistance. Several shots were exchanged between the bandits and the Mexican police but without effect. They raided the house of Ignacio Quilida, the wealthiest citizen, and secured from him \$500 in money and an equal amount of jewelry. The sum taken by the desperadoes amounted in the aggregate to about \$5,000 which they picked away.

INCREASE FOR APPRENTICES.

SAN BERNARDINO, Cal., Oct. 3.—It has been officially announced at the Santa Fe shops that hereafter the rate of apprentices will be increased eleven cents per day. The action is in line with a recent voluntary raise of machinists' pay by the company.

The Chief Executive Will Not Hear Arguments on Merits of the Strike But Asks Both Sides to Submit Propositions Tending to End Great Struggle in the Coal Regions.

WASHINGTON, Oct. 3.—The second step in the President's efforts to effect a settlement between the anthracite coal magnates and the miners was taken today. At 11:10 o'clock, ten minutes after the hour fixed for the conference, all persons who had been invited to participate with the exception of President Oliphant of the Delaware and Hudson, who sent as his personal representative David Wilcox, vice-president and general counsel of the road, and President Cassat of the Pennsylvania, was present in the second story front room of the temporary executive mansion. The President greeted most cordially each of his guests and when all were assembled, he stated to them in a brief preliminary way his object in calling them together. The President fully realized the importance of the action he had taken and had prepared carefully worded paper setting forth in detail his position in the public controversy. The President said:

PRESIDENT'S STATEMENT.

"I wish to call your attention to the fact that there are three parties affected by the situation in the anthracite trade—the operators, the miners and the general public. I speak for neither the operators nor the miners, but for the general public. The questions at issue which led to the situation affect immediately the parties concerned—the operators and the miners, but the situation itself vitally affects the public. As long as there seemed to be a reasonable hope that these matters could be adjusted between the parties it did not seem proper for me to intervene in any way. I disclaim any right or duty to intervene in this way upon legal grounds or upon any official relation that I bear to the situation, but the urgency and the terrible nature of the catastrophe impending over a large portion of our people in the shape of a winter fuel famine impel me after much anxious thought to believe that my duty requires me to use whatever influence I personally can bring to effect a settlement of the situation which has become literally intolerable. I wish to emphasize the character of the situation and to say that its character is such that I am constrained urgently to insist that each one of you realize the heavy burden of responsibility upon him. We are upon the threshold of winter with an already existing coal famine, the future terms of which we can hardly yet appreciate.

GOOD ADVICE.

"The evil possibilities are so far-reaching, so appalling, that it seems to me that you are not only justified in sinking, but required to sink, for the time being, any tenacity as to your respective claims in the matter at issue between you. In my judgment the situation imperatively requires that you meet upon the common plane of the necessities of the public. With all the earnestness that there is in me I ask that there be an immediate resumption of operations in the coal mines in some such way as will without a day's unnecessary delay meet the crying needs of the people.

"I do not invite a discussion of your respective claims and positions. I appeal to your patriotism, to the spirit that sings personal consideration and makes individual sacrifices for the general good."

AT THE CONFERENCE.

Long before the hour fixed for the conference a large crowd has assembled outside the White House. The first official caller at the White House was Carroll D. Wright, Commissioner of Labor. He has made an investigation of the strike situation and the President desired to obtain from him what he considered important features of the condition between the operators and miners.

Secretary Root called and remained for a short time and about 10:30 a. m. Attorney-General Knox went to the President's room.

Mr. Mitchell and his party were first to arrive at the White House and they came a few minutes before the time fixed. They rode to Jackson Place on an avenue car and walked up to the White House. A score of cameras were trained on the party as they crossed the street. They were escorted to a room on the first floor.

Shortly after 11 o'clock President George F. Baer of the Reading; President Thomas of the Erie, and President Truesdale of the Lackawanna, drove up in a carriage. They also were subjected to several snapshots by ambitious photographers. They went to a room on the first floor separate from that occupied by the labor leaders. They were soon followed by President Fowler of the Ontario and Western, John Markle of the firm of G. B. Markle & Co., and David Wilcox,

Vice-President of the Delaware and Hudson, representing President Oliphant of that road.

President A. J. Cassat of the Pennsylvania, who had been invited, sent a telegram to President Roosevelt explaining his inability to be present.

At ten minutes after 11 o'clock the two delegations were escorted upstairs, the labor leaders going first. Attorney-General Knox and Commissioner Wright remained with the President.

SHORT CONFERENCE.

When the President concluded the reading of his statement he said he did not expect that either party would be ready to submit propositions at this time, but he asked them to take into consideration what he had said and to return at 3 o'clock. He said he hoped that some proposition might be presented at that time which would furnish the basis of an adjournment.

The conference then terminated. It had lasted less than fifteen minutes. The representatives of the roads came down stairs first and went to their carriages. They refused to say anything except that they would meet again at 3 o'clock. They would not even say where they were going to make their headquarters. When asked where they could be seen, President Baer remarked to the newspapermen:

"Gentlemen, what we want is to go some place where you can't find us, and where we will not be interrupted. Then they drove away."

MITCHELL LEAVES.

President Mitchell and his party followed soon after, refusing to say anything. A little later Attorney-General Knox left the White House. It was understood that both parties to the conference would, during the adjournment, formulate some proposition based on what the President had said or that each would be prepared with a reply to present to the President when the conference was resumed at 3 o'clock.

Mr. Mitchell and his party were astir early. They breakfasted at the Reuter hotel and immediately afterwards Mr. Mitchell was joined by President Comers of the Federation of Labor. They left the hotel together and Mr. Mitchell was not seen again until he made his appearance at the White House conference at 11 A. M.

Mr. Mitchell declined to discuss the situation from any point of view in advance of the meeting, merely saying that under the circumstances he could not be expected to talk.

The other members of the Mitchell party were President Nichols of District Miners' Union No. 1, President Thomas Duffy of District No. 7 and President John Fahey of District No. 9. They, too, declined to discuss the probabilities of the conference. They were more concerned as to whether they would be admitted to the meeting, but upon the whole were inclined to think they would be. They were in a cheerful mood and all contended that the miners were prepared to hold out definitely if their demands were not granted, the demands still being as originally outlined by the Shamokin Convention.

Thomas W. Fowler of the Ontario and Western road called on Secretary Root last night. Nothing could be learned concerning the nature of the conference save that a few preliminaries were arranged for today's meeting.

SEC. ROOT'S TALK.

At 12:30 o'clock Secretary Root held nearly an hour's private conference with the President. The Secretary was in an optimistic mood when he left the White House. He said he could not communicate anything further than what had been given to the press, but he did not hesitate to express his individual opinion to the effect that the prospects were bright for some satisfactory agreement to the negotiations. He thought that the strong point of the situation was that for the first time the contesting elements had been brought fairly face to face in the bull ring, as he expressed it, and they were now in a position where it was incumbent upon them to do something. In other words, the ice had been broken as between the parties, and he was confident that when they came together again the way would be paved for some sort of a compromise.

Secretary Moody dropped in to see the President about noon. He stayed, however, but a few minutes, and while he stated that it was purely naval business that brought him to the White House, he did not deny that he had acquainted himself with the coal strike situation.

When Mr. Mitchell and District Presidents Duffy, Nichols and Fahey left the White House after the conference they returned to the hotel where they were lodged during the afternoon. Mr. Mitchell declined to say anything about his purpose in regard to a settlement of the strike.

WILL PREPARE STATEMENT.

The representatives of the railroads were driven from the White House to their special train, in which they remained at the Baltimore and Ohio station until it was time to leave for the second conference. Each representative prepared a statement which they will present to the President when the conference resumes and which they will make public as soon as the President has seen it. They declined to discuss the attitude they will take, on the ground that it would be a statement which they would be disclosing to the President to disclose previous to submitting it to him.

President Baer was asked if there was any prospect of a settlement of the strike. He replied that he could not tell.

AFTERNOON SESSION.

All the parties to the conference were at the White House by 3:15 o'clock and the meeting was then resumed.

After the conference was still in session without result. News came from the inside to the effect that the coal president had prepared statements which they intended to publish causing a feeling of depression, for it was taken to mean that they had made up their minds to make their own statement to explain to the public their reasons for so doing.

After the conference had been in progress about long enough for the reading of the papers, Secretary Cortelyou came out and making every precaution to keep the matter quiet, he said that the proceedings are being taken down.

ROMANCE IN LIFE OF A MILLIONAIRE

**Engagement of Jos. Chanslor
and Miss Hattie Kimble Re-
calls an Old Society Affair.**

SAN FRANCISCO, Oct. 3.—Only a few society folk of San Francisco know of the bitter experience that young Joseph Chanslor, the "Oil King of California," went through when first he married in Southern California. The news of Chanslor's engagement to Miss Hattie Kimble, an Oakland and Los Angeles society girl, has started the tongues of those who do know of Chanslor's early matrimonial experience, and before nightfall the story is likely to have been told over teacups innumerable in San Francisco.

ELEMENTS OF ROMANCE.

It has elements of decided romance, and it makes of "Joe" Chanslor an even more interesting figure than many supposed him to be.

It was because of this early marriage experience that he became an oil king and a millionaire.

Five years ago Chanslor was happily married and in love with his wife. The reciprocity treaty failed to endure, however. The bride apparently wearied of matrimony, after a little girl had come into the family. For no apparent reason, she left the Chanslor boy, and a divorce followed.

WAS DEEPLY GRIEVED.

It was an open secret in society that Chanslor mourned bitterly his wife's repudiation of him. It was a case of continued love on the husband's part, made bitter by the utter absence of any such feeling on the part of the wife.

Chanslor behaved like a gentleman under the circumstances. Society never fails to gossip plentifully under such condition, but in all the gossip Chanslor never was "given any the worst of it."

But man may be brave and have nothing to regret or be ashamed of, and still tire of carrying bitterness in his heart while forced to appear in society and smile the society smile and

talk the society talk.

Joe Chanslor, then, with money sufficient for his needs, left Los Angeles suddenly, went north to what is now called the Coalinga oil field, buried himself there for two years, worked as a common oil driller, in overalls and blouse, while society forgot him, which was just as Chanslor wished.

In two years the figure in overalls emerged from the grease and dirt of the oil field.

THE OIL KING.

He emerged a millionaire. He had "struck it rich." He was the oil king of California.

For the past year Chanslor has lived at the Palace Hotel. He is a familiar figure in the big hostelry. To strangers he is pointed out as "the boy millionaire of the oil fields," for Chanslor, with his smooth face, looks to be still the mere boy.

The gossip used to say that Chanslor never would marry again.

Time has healed the wound, perhaps, and today he is engaged to another Los Angeles belle, a Miss Kimble.

Miss Kimble's family formerly lived in the Henshaw home at Thirteenth and Jackson streets.

BISHOP POTTER TAKES A BRIDE.

NEW SCHOOL AT ELMHURST.

ELMHURST, Oct. 3.—The fine new school in the Lockwood District is now about in shape to be furnished. The interior work has nearly been completed, the plastering being finished, while the outside of the school has just received its second coat of paint and presents a fine appearance. It is undoubtedly one of the best looking school buildings in the county. Within a few weeks the interior will be furnished and by the close of the first half term it will be ready for occupancy. The handsome new building adds greatly to the appearance of the neighborhood in which it stands.

A PECULIAR ACCIDENT.

A. W. Rose of this place, who is employed as a rotmann on the Haywards road, has just resumed his work after a week's absence, which was caused by a serious accident which befell him some time ago. When the accident occurred Rose was carrying a bottle to a cupboard. As he neared the door the bottle slipped from his hands and fell against the door. Rose grabbed for the bottle and caught it in both hands just as it struck the door and broke. The broken bottle cut two great gashes in the man's hands, laying the bone bare on the left hand at the base of the thumb. So badly was the left hand cut that it required several stitches taken in it to close the wound. Rose was laid up seven days on account of the cuts, which rendered his hands useless.

WANT OIL ON STREETS.

HAYWARDS' TRUSTEES DISCUSS THE PLAN AT RECENT MEETING.

HAYWARDS, Oct. 3.—The proposition of treating a number of the streets of this town to a coating of oil has been given a jar which will probably put the plan on the shelf for some time. It has been discussed by the Town Trustees for some time, and at Wednesday night's meeting of the Board propositions were submitted that did not meet with the approbation of that body, and the matter is again in the air.

When the sprinkling of streets with oil was first brought before the Town Trustees of Haywards, it was greeted with considerable favor. The members appeared to favor such a proposition, and it was suggested that the depot road be experimented upon. The road is used a great deal, and as the earth in that locality is quite soft, the thoroughfare is usually deep with dust. The oil is guaranteed to lay all dust and make a road similar to that of asphaltum, and for that reason this street was selected as the best one on which to test the oil. After the plan had been discussed it dropped out of sight, and nothing was heard from it again until about a month ago, when some firm in San Francisco communicated with the Trustees on the subject. Representatives of the company were expected to be present at several meetings, but they were detained, and until Wednesday night nothing more was heard from them. When they did finally appear before the Board their proposition did not meet with favor. Several of the Trustees are in favor of giving the oil a trial, while others are doubtful as to the result of such an experiment. It has been said that particles of oil clinging to the wheels of vehicles and the shoes of pedestrians and in that manner are conveyed to the clothing, which in turn are discolored, and numerous other complaints are made against the plan. To these no doubt is due the disposition of other members of the Board against establishing the oiling of the local streets even as an experiment. The plan, however, has met with great success in various parts of the State, and is very economical in comparison with other modes of street improvement. A number of citizens of Haywards have expressed themselves in favor of giving the oil a trial, as many of the streets of the town are in poor shape and improvement will have to be made shortly to preserve the condition of these streets.

WAS SERIOUSLY INJURED.
George Graham, a young man employed at the cannery, met with a painful accident on Wednesday evening. Graham was walking across the floor of the working room when he slipped on some tomato juice and fell backwards, striking his head on a piece of machinery. The young man was rendered unconscious by the terrible blow he received, and lay in that condition for several hours. He was carried at once to his home and a physician summoned. The condition of the patient was not fractured, but he may have received a concussion of the brain. Graham is reported to be in a very precarious condition.

Winter is not far away, and it would not be wise to put off preparing for it. In California, we live indoors but a few months each year, and during this period we want our homes to be as nearly bright as in the months when we don't need them so much. Bright furniture, carpets, curtains and pictures help largely to make bright homes. And the most pleasing method of acquiring these comforts and luxuries is to pay a little at a time. Let us sell you fifty dollars' worth of comfort today—and pay us a dollar a week.

H-O

OAKLAND TRIBUNE

THE COUNTY TREASURER.

Speeches Franklin K. Lane and David Lane, who were placed in nomination for the several offices were called to the platform to state their respective views prior to the delegates taking a ballot. There were several candidates for State Treasurer, and all but one made speeches devoted principally to political issues and expressions of party loyalty. The last one simply said:

"Gentlemen: I don't know how to make a speech, but I do know how to keep money."

He was nominated and elected.

This anecdote is apropos of the candidacy of Arthur W. Feldler for the office of County Treasurer. He knows how to keep money. He is a safe custodian of the public funds, a thoroughly competent and upright official, who has never failed in his duty, or neglected to observe punctually strict business principles in discharging the functions of his office. A straightforward, trustworthy citizen, he is exactly the kind of a man to be entrusted with responsibility.

Four years ago Mr. Feldler was elected to the office he now holds, and since that time no one has ever been heard to complain of his official acts or to criticize his personal conduct unfavorably. Prior to entering upon office, he was engaged in business at Livermore, where he established an enviable reputation for probity and good citizenship. As a public official he has in every way justified the confidence reposed in him by his fellow citizens. The office could not be in better hands. The public funds could not be in safer custody.

Mr. Feldler is again before his fellow citizens, prepared to give an account of his stewardship and to accept the judgment that the public will pass thereon. He asks an endorsement of the record he has made as County Treasurer, confident that he will receive it, and knowing that he can claim it as a merited due. He has been re-nominated by the Republican party, whose trust he has vindicated because the party seeks to reward fidelity and to give the public good service.

Mr. Feldler has the claim to confidence and consideration that is always won by faithful performance. Nothing can be urged against him either as a citizen or as an official. Not a single reason can be given for displacing him, but there are many reasons to be advanced in favor of his re-election. He cannot be improved upon in any way, nor can the public service be benefited by displacing him. No private business concern would think of discharging a trusted employee who had always been faithful and against whom there was no complaint. That is exactly the view the voters of Alameda county should take of Mr. Feldler's candidacy for County Treasurer. He is the right man in the right place; keep him there.

HUNT IS DISCHARGED.

J. E. Hunt has been discharged as special administrator of the estate of Jeremiah Hunt today and his final report allowed. Hunt was allowed \$50 for his services.

HEARST FOR CONGRESS.

The election of William R. Hearst to Congress will inject a new element into that body, an element that will command attention and is destined to grow more forceful in the future. It is not the element of journalism per se, but the aggressive fighting element of the press that is independent of party lines and the influences that transmute freedom of expression. We may disagree with Mr. Hearst's views and, perhaps, disapprove his methods, but his force and courage cannot be questioned. That he is trying honestly to better the condition of the masses cannot be doubted, for he never hesitates to take the unpopular or money-losing side of a fight on public questions.

Mr. Hearst has been nominated by a Tammany convention, but it may be taken for granted that the nomination came to him unsolicited and without compromise, for he has dealt Tammany some terrible blows in the past, and even now his newspapers criticize the acts of Democrats with astonishing vigor and freedom. The independence of his three great papers—the New York Journal, the Chicago American, and the San Francisco Examiner—cannot be sacrificed for one narrow Congressional District on Manhattan Island.

That policy dictated the nomination of Mr. Hearst is probably true, but it is the kind of policy that makes a merit of necessity. The Thirtieth District in New York is a workingmen's district, and Mr. Hearst is a power with the workingmen. As the district is close politically, it is likely the Tammany leaders nominated Mr. Hearst because he is sure of winning.

In Congress Mr. Hearst will not be noted as an orator. He is little addicted to talk even in private life, preferring to act and to direct. He knows what he wants to do and is a rare judge of men. He will be felt in Congress.

THE TROUBLE WITH MR. LANE is that he omits the governing conditions of the case. The proposition is not merely one of giving a young man a chance to prove his sincerity. It is a question of practical government and political parties. The Governorship must, in the nature of things, fall to one of two men—Dr. Pardee or Mr. Lane. To gratify Mr. Lane's honorable ambition is to reject Dr. Pardee and defeat his honorable ambition. Narrowed down to a question of personal preference, this is the pith of the matter.

Now can Mr. Lane claim superior ability, higher personal character, or larger experience over Dr. Pardee? It is unnecessary to answer. Dr. Pardee is a highly educated man, who has taken a keen interest in public policy and the science of government ever since early manhood. His cultivated mind has been broadened by extensive travel, and in various public positions he has demonstrated his force and capacity.

In the broader aspect of the case, Mr. Lane has no claim to consideration at all. He is a Democrat and Dr. Pardee is a Republican. California is a Republican State. Mr. Lane goes before the people practically confessing that his party has made a miserable failure in attempting to govern the nation. He is unable to defend his party's record and must praise the Republican President. However acceptable he may be personally, he is utterly objectionable politically.

Because of the great questions affecting the tariff, the trusts and the wise government of our insular possessions, it is necessary to hold up the hands of the Republican President—the man Mr. Lane praises, but whose Administration his party is attacking and endeavoring to overthrow. Let Mr. Lane be elected Governor, and his praises of Roosevelt will count for nothing in this State or elsewhere; the news will go abroad that California has gone Democratic, and will be received as an evidence that the Republican party has been rebuked and its policies discredited.

At the next meeting of the Board of Library Trustees, it is expected that there will be a change in the presidency of that body. Lowell J. Hardy will resign and will be succeeded by Murray Laidlaw. This change, it is said, is the result of an agreement between these two men and Trustees Evans when Hardy was elected president. The honor of the position was to be divided between Hardy and Laidlaw at different times during their term.

There are five members on the Board. Of these Messrs. Evans, Laidlaw and Hardy stood together as against Seales and Pendleton.

The two first mentioned secured the presidency and Evans got places on the most important committees. As this combination is still in existence, there seems to be no doubt that the change referred to will be effected.

GIRLS BUNCOED BY A WOMAN.

DESIGNING FEMALE FLEECE CONFIDING ONES WITH BOGUS SITUATIONS.

Miss Winette Marlowe of this city is the victim of a cool, crafty and designing woman who sailed under the name of Mrs. J. Nelson of Chicago, who had quarters in the Grand Hotel, San Francisco. Mrs. Nelson, however, is at the Grand Hotel no longer. She has fled, and fifty girls whom she bunched are anxious to locate her and the money which they surrendered to her.

Mrs. Nelson pretended to represent the "Monarch Book and Publishing Company of Chicago and Philadelphia." She advertised in the papers for bright young women, who were offered traveling positions at a good salary, with expenses paid. Miss Marlowe responded to the advertisement. She told Mrs. Nelson, however, that she did not want to be a book canvasser, whereupon the representative of the "Monarch Book and Publishing Company" told her that she could be a "field manager," that is, have the direction of a number of women who were less fastidious as to soliciting orders for books. Before, however, such a position could be given her, Miss Marlowe was required to pay money for an alleged advertisement asking for girls to work under her as "field managers" and for other incidental expenses. She had also to sign a "contract." By this time Mrs. Nelson had pocketed \$30 of Miss Marlowe's money. The contract was shown to a friend by the girl and the friend said it was bogus.

Labor Commissioner Meyers was asked his opinion as to the transaction. He went to confer with Mrs. Nelson at the Grand, but the representative of the "Monarch Book and Publishing Company of Chicago and Philadelphia" had flown. Her victims, however, remain.

IRVINGTON PEOPLE ARE FOR THE ENTIRE TICKET

CANDIDATES RECEIVE WARM RECEPTION
IN THE TOWN OF IRVINGTON—
MANY SPEECHES MADE.

The citizens of Irvington and vicinity turned out in force last night to hear the Republican candidates and the campaign orators. Good speeches and an unusually attentive audience marked the evening. The Irvington Band entertained the delegation of candidates and the people before the meeting convened. They also assisted in the musical program of the evening.

The Biks' Quartette, or the Pardee Glee Club, as it is known during the campaign, was vigorously applauded throughout the meeting and was compelled to respond to a dozen encores. County Central Committeeman Geo. E. Wales called the meeting to order, and called upon George Cash to preside at the meeting.

W. E. GREENE.
Superior Judge W. E. Greene was introduced to the audience as the dean of the Alameda County Judiciary. He spoke as follows:

"This is peculiarly a candidate's meeting. We are here for the purpose of allowing the people to become acquainted with the men the Republican party has called upon to head the county ticket. It has been a custom with me for thirty years, when I have been upon the bench, to refrain from speech-making, and this evening will be no exception to the rule. For the last 23 years I have been honored by the people as one of their judges. I take this opportunity of publicly returning my thanks for past favors and express the hope that my course while in office will merit your consideration. I also urge you to support all the candidates who will appear before you this evening."

JUDGE HALL.
Chairman Cash next introduced Judge S. P. Hall, "the silent Judge." He has received with cheers. He said: "Like my senior colleague, Judge Greene, I am here to renew old acquaintances and make new ones. I also wish to thank the people of Irvington and the entire county for the hearty support they have given to me heretofore. I have been before the people on four different occasions. Each time I was elected to the office I sought, and I wish to state now that my feeling of gratitude to the people of Alameda county will remain unchanged no matter which way this election may be decided."

ROBERT GREIG.
Robert Greig of Berkeley was the next candidate to speak. He was introduced as one of the genuine workmen on the Republican ticket. He said: "I have never been a candidate for office before. The only position I have ever held is that of a carpenter. The people of Berkeley saw fit to elect me to the office of city clerk. I will promise you in event of my election, to conduct the office to the satisfaction of all the people all the time."

ARTHUR FEIDLER.
County Treasurer Arthur Feidler was next called upon to make a few remarks. He was loudly cheered when he arose. He said in part: "Four years ago the people of this county saw fit to elect me to the office. I now hold. I have tried to conduct the affairs of the office so that none would regret the choice. It has succeeded. I trust that the same vote which was given me four years ago will be given to me this time. I wish to request the voters not to overlook Alameda's leader, Dr. George C. Pardee."

JAMES BARBER.
County Collector James Barber was given vigorous applause when he arose to speak. He spoke in part as follows: "The chairman has introduced me by stating death and taxes are certain. Both are disagreeable things but some one has to gather the taxes, and I am glad to have the honor. I will perform this service for them I will appreciate it. As to pledges, I will promise the people if elected that I will do my duty to the best of my ability. I am willing to stand upon the record I have made."

JOHN J. ALLEN.
District Attorney John J. Allen was next called upon to address the meeting. He made his usual eloquent speech and was interrupted many times with applause. He said in part: "The gentlemen who will appear before you are those the Republicans have chosen to lead the county ticket. I was fortunate to be named as a candidate, and still more fortunate to be associated with gentlemen who so thoroughly understand the duties of their offices."

TRUE ARMOR.
Proper Food Defends Against Disease.
There is an assayer and chemist in Rosita, Colo. Mr. C. Wulsten, who shows by actual every day demonstration that scientific food will make a man young again. He says: "The question of proper food which will assimilate and protect the system from loss and waste of brain and muscle, becomes a serious one when man advances to his age of past 68. I am continually under a strain and muscle strain which for the last 35 years were upon me seriously. My digestion became impaired and my whole system weak. "I saw Grape-Nuts in a grocery store, and bought a box. I tested it in my laboratory and found it correct according to your declaration of its substances in proportion with the phosphates in it. "I made it my principal food and gained in one year 15 pounds in weight, and had the pleasure of seeing my indigestion leave me entirely. After a year and a half of its use, I feel 20 years younger and am as strong and supple as I never was before during the last decade. I simply have found the true armor which is defending my body against disease and withering age. "And it of advantage in field work and when prospecting in the mountains. When I go out upon geodetic expeditions, I take a quantity of Grape-Nuts and a tin of the sterilized, cumbersome baggage and food cooking utensils. A little sugar, a can of condensed milk, my Grape-Nuts, and I have my food in a closely condensed form, not weighing over 4 pounds, to carry and I never get hungry. Concentrated re-agents are the most effective in all chemical operations, and Grape-Nuts are the re-agents that keep the body's laboratory (the stomach) in perfect working order. Your product is perfect."

roughly typify the great American spirit."

E. C. PRATHER.
Acting County Surveyor E. C. Prather was then called upon for a few remarks. He said:

"I have not the gift of speech. I must rely upon plain, blunt words to convey my meaning to you. I know nothing about surveying that I do of political campaigning, and will have to rely upon my record in the Surveyor's office to recommend me to the voters of this county."

OSCAR ROGERS.
Sheriff Oscar Rogers was introduced next by the chairman. He said: "I have been elected four years ago to the office of Sheriff. I have been then to do my duty as Sheriff to the best of my ability. I have kept my promises, and I am before you again. I trust that my actions as Sheriff have met with your approval and that you will not only elect me but the entire Republican ticket on November 4th."

JOHN P. COOK.
John P. Cook was introduced as the next County Clerk and was received with great enthusiasm. He said in part:

"The Republican candidates have already visited many portions of the county. One thing which has been made apparent is that the attendance during this campaign is greater than it was even during the last presidential campaign. This fact is significant. It is a straw which shows the temperament of the people. The great principles of Republicanism, under which America has forged ahead during the last year, she is in reality the foremost nation of the world, are dearer to the hearts of the people than ever. The greater interest and enthusiasm shown by the people is a certain indication of how the people will vote. "The entire Republican ticket, from George C. Pardee to the township Council, should be elected, and I believe I will be elected to the office of County Clerk. The Republican ticket will achieve at the polls on November 4, will be the greatest ever known in California."

ABE LEACH.
Prosecuting Attorney Abe Leach of the Police Court was then called upon by the chairman to make a few remarks on behalf of Dr. H. B. Mehrman, candidate for Coroner. Leach made an eloquent and stirring speech.

J. CAL EWING.
County Auditor J. Cal Ewing was received with applause. He said: "I made a promise four years ago that if I were elected I would do my duty. Here I am. Tonight I will ask you not only to support me, but the entire Republican ticket."

GEORGE GRAY.
George Gray, candidate for Public Administrator, was the next speaker. He made a good impression on his audience and was vigorously applauded when he sat down. He said: "In my opinion, there are two things I make my first bow as an aspirant for office. I come before you asking you for your support not only for myself, but the entire Republican ticket."

JOHN MITCHELL.
Supervisor John Mitchell was vigorously applauded when he arose to speak. He spoke as follows: "I cannot call attention of the voters to the reason why they should vote for the Republican ticket better than by telling a story on a wicked man by the name of Jones. Jones died and went to that place reserved for the wicked. He was so very bad that his Satan was the root of the matter."

THE ROOT OF THE MATTER.
He Cured Himself of Serious Stomach Trouble, by Getting Down to First Principles.
A man of large affairs in one of our prominent Eastern cities by too close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, lived in the form of chronic stomach trouble; the failure of his digestion brought about a nervous irritability making it impossible to apply himself to his daily business and finally deranging the kidneys and heart.

In his own words he says: "I consulted one physician after another and each one seemed to understand my case, but all the same they failed to bring about the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another, I gave up smoking, I quit coffee and even renounced my daily glass or two of beer, but without any marked improvement. "Friends had often advised me to try a well known proprietary medicine, Stuart's Dyspepsia Tablets, and I had often perused the newspaper advertisements of the remedy but never took any stock in advertised medicines until I saw a notice of Stuart's Dyspepsia Tablets in a medical journal. I decided to try the medicine which would touch my case. "To make a long story short I finally bought a couple of packages at the drug store and took two or three tablets after each meal and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort. "I was surprised at the end of the first week to note a marked improvement in my appetite and general health and before the second package was gone I was certain that Stuart's Dyspepsia Tablets was going to cure completely and they did not disappoint me. I can eat and sleep and enjoy my food and cigar and no one would suppose I had ever known the horrors of dyspepsia. "Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained and they replied that the principal ingredients were aseptic pepsin (government test), malt diastase and other natural digestive agents, digest food regardless of the condition of the stomach. "The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and muscles of the digestive tract which can only come from food, stimulants, nerve tonics never give real strength, they give a fictitious strength, they follow by reaction. Every drop of blood, every nerve and tissue is manufactured from our daily food, and if you can insure the proper and easy digestion of food by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets you will have no need of nerve tonics and stimulants. "Although Stuart's Dyspepsia Tablets have been in the market only a few years yet probably every druggist in the United States, Canada and Great Britain now sells them and considers them the most popular and successful of any preparation for stomach trouble."

majesty provided him with an escort in the way of an imp to show him the domain of the lower region. After having travelled for several days, they came to a large building, which was heated to 200 degrees. On rafters were hung hundreds of people, like beef would be hung. Jones asked the reason of the people being hung up. The imp replied: "Those people are too green to burn. They are the people who died since the last election, and who, before they died, failed to vote the Republican ticket."

OTHER SPEAKERS.
Harry Lynch, candidate for Superintendent of Schools, John J. Mattos, candidate for the Assembly, Judge Sandholt, Judge E. B. Thompson, Constable Vandervoort and Peter J. Crosby also made addresses.

THE TELEPHONE FRANCHISE AS NOW PROPOSED

Rough Draft Referred to City Attorney for Report.

Bonus of \$1575 and the City to Secure Its Phones Free.

At the meeting of the Ordinance and Judiciary Committee of the Council, last night, the rough draft of an ordinance granting another telephone franchise in this city, was presented by W. A. Beaseley, to whom the Council, in Committee of the Whole, had recommended the granting of such franchise or the refund that he was the highest bidder for the same.

No action was taken on the subject save to refer the measure to the City Attorney.

OAKLAND HOME TELEPHONE CO.
Beaseley said he had prepared a new ordinance on the subject and stated that if he could get the ideas of the Council on the subject, he would have the same incorporated in the ordinance.

He then read the measure, which provided, among other things, that the name of the company was to be the Oakland Home Telephone Company. The consideration for the franchise was to be \$1,575.

Mr. Cadman asked if the City Attorney had seen the ordinance.

LOS ANGELES ORDINANCE.
Mr. Beaseley said that the City Attorney had read an ordinance similar to the one under consideration. That ordinance had been adopted in Los Angeles. The new ordinance would give the city certain telephones free. Work on the building of the new line was to be begun within four months after the granting of the franchise, and to be completed within three years after such grant. The ordinance would require the company to put two per cent of gross receipts, the payment of this percentage to begin five years after the granting of the franchise. The life of the franchise was to be ten years.

CITY AND COMPANY POLES.
Mr. Beaseley said that he thought, perhaps, there might be some city poles in certain sections of the city where the telephone company might desire to use the poles of the city's lines. The company was to put two per cent of gross receipts, the payment of this percentage to begin five years after the granting of the franchise. The life of the franchise was to be ten years.

CONDUITS.
Mr. Cadman asked if the ordinance specified where poles and underground conduits should be used.

Mr. Beaseley said it did not, and he would like to have that matter settled as early as possible.

Mr. Cadman said that at least in the business district, say from Seventh to Fourteenth street, and Clay to Webster, the wires would have to go underground.

Mr. Beaseley said, of course it would bankrupt a telephone company to put conduits in outlying districts.

FIRE LIMITS.
Mr. Fitzgerald suggested that conduits should be used within the fire limits.

Mr. Cadman said those precincts were very extensive.

Mr. Courtney said a rough outline of the fire limits would be from Seventh to Seventeenth and from Clay to Webster street.

WANTED LEWAY.
Mr. Beaseley said he did not think the company would object to that, but he would prefer to have the subject so inserted in the ordinance that at a later time, if the Council saw fit, it might reduce the limits for conduits.

At the suggestion of Mr. Courtney it was decided that Beaseley should present his ordinance, submit it to the City Attorney and then introduce the measure at the next meeting of the Council.

NO EFFORT MADE TO START THE CARS

STRIKERS IN NEW ORLEANS APPEAR TO HAVE UPPER HAND OF CORPORATION.

NEW ORLEANS, Louisiana, Oct. 3.—Up to 10 o'clock this morning the New Orleans Street Railway Company has made no effort to start cars. During the night the feed wires were cut, poles chopped down and other means resorted to make it difficult to operate cars. The morning papers contain advertisements for 1,000 men and conductors. Telegrams from other cities say that the company was seeking outside labor but this the company denies and refers to its advertisement to show that it needs only home labor. The strikers, however, are suspicious and today there were pickets at all the railroad stations in anticipation of the arrival of foreign laborers. Efforts are being made by disinterested persons to bring the representatives of the contending factions together.

INSURGENT MOVEMENT IS NOT SPREADING.

CONSTANTINOPLE, Oct. 3.—The insurgent movement in Macedonia does not appear to have spread to any serious extent, although it is feared in some quarters that the Turkish measures for its suppression may exaggerate the villagers and cause neutrals to join the revolutionists.

The Macedonian committee's efforts to suppress the plans of its president, General Tzolechoff, for a general revolt are handicapped by the hostility of the adherents of Sarafoff, the former president, who refuse all assistance to the new leader.

According to news from Bulgarian sources upwards of 500 Bulgarians were recently imprisoned in the Monastir district.

Numerous arrests of Albanians were made at Constantinople as a precaution during the visit of Grand Duke Nicholas of Russia.

One of the most enthusiastic political meetings of the campaign was held last evening at Becker's Hall, under the auspices of the Forty-eighth Republican Assembly District Club. Previous to the speech making, which occupied most of the evening, the club was re-organized by the re-election of Giles H. Gray as president, Louis Schaffer as vice-president, and D. W. Doody as secretary. Frank Barnett was called to the chair to preside during the absence of Mr. Gray.

Eugene Lynch presented a resolution endorsing the candidacy of Hon. George C. Perkins for United States Senator and Hon. Victor H. Metcalf for Congress. A resolution was presented by D. W. Doody endorsing the candidacy of the Hon. George C. Pardee for Governor. Each of the resolutions were adopted by acclamation.

W. H. L. Hynes spoke for the candidates, and eulogized the Hon. George C. Pardee, U. S. Webb, nominated for the State and county ticket. The State Judicial ticket and the Hon. Charles F. Curry were highly commended by Frank Barnett, and the same gentleman also spoke in terms of strong endorsement of J. P. Cook, under whose able guidance and management, he said, the County Clerk's office had been brought to a high degree of efficiency.

Judges Quinn, Stetson and Smith received a very enthusiastic reception. Hon. F. W. Leavitt, candidate for State Senator, Philip M. Walsh, nominee for the Assembly, and Joseph M. Kelly, nominee for Supervisor, delivered addresses, which were heartily received. Short speeches were also made by Eugene Lynch, Louis Schaffer, Chris Flanagan, Mr. Lang and others. Music enlivened the proceedings at various points during the evening, and refreshments were served to all who cared to partake. The meeting adjourned at 11:45 p. m., with cheers for the Republican ticket.

Through a mistake of the manufacturers in shipping we're enabled to buy a line of hats far below their real value. We are going to give our customers a chance to get in on the ground floor and secure them at a proportionately low figure—

NO MORE TAX ON
WALK PERMITS.COUNCIL WILL RESCIND THE
ORDINANCE TAXING SUCH
IMPROVEMENTS.

A hardship to taxpayers making im-

provements, which has been overcome

by compelling such people to pay \$5

for permits issued by the Board of

Public Works, allowing such taxpayers

to construct sidewalks and perform

other commendable work will be done

away with at the next meeting of the

council by the adoption of an ordi-

nance rescinding an ordinance provid-

ing for the payment of such a fee.

Such a rescinding ordinance was

recommended to the Council by the

ordinance and Judiciary Committee at

its meeting last night. This rescinding

ordinance was introduced by Council-

man Schaffer.

Councilman Cadman asked Council-

man Courtney what he thought of the

measure, as the originator of the same

was absent.

Mr. Courtney said that some time

ago, when money was short, the origi-

nal measure was considered of some

assistance to the city, but that the

recommending of the ordinance re-

solving the ordinance calling for the

payment of the permits.

Mr. Cadman then asked either that

people should be taxed in that way.

There was no opposition to the re-

commendation.

ABRAHAMSON BROS., Inc.

REPUBLICANS ARE LINING
UP ALL OVER THE STATEJUDGE SHAW OF LOS ANGELES VISITS
OAKLAND—CAMPAIGN RALLIES AND
CLUB MEETINGS—LITTLE-
FIELD AT STOCKTON.

SAN FRANCISCO, Oct. 3.—The
news received at the Republican head-
quarters, the news from all over the
State is of the most encouraging char-
acter. Republican enthusiasm is
growing and Dr. Pardee's popularity is
increasing every day. The farmers
and business men are enthusiastic for
him everywhere, and the workingmen
are flocking to the standard of pro-
tection and protection. Last night Dr.
Pardee addressed a rousing meeting at
San Luis Obispo, and will speak at Sa-
linas tonight.

JUDGE SHAW VISITS

OAKLAND FRIENDS.

He is a Republican Nominee for Su-
preme Court Justice.

Honorable Lucien Shaw, nominee for
Associate Justice of the Supreme
Court on the Republican ticket, was
in Oakland yesterday calling upon a
number of friends, among others Con-
gressman Metcalf. Judge Shaw has
been on the Superior bench of Los
Angeles county for thirteen years, be-
ing first appointed by Governor War-
ren to fill a vacancy. Subse-
quently he has been twice elected, each
time by a large majority.

Although the Los Angeles delegation
to the Sacramento Convention was
split on the Governorship, it was solid
for Judge Shaw. He is popular with
all factions down there, and possesses
the esteem of all classes for his fair-
ness and firmness on the bench.
Judge Shaw has a reputation that
extends to many parts of the State.
He is frequently called upon to try
important cases in other counties. He
gained much favor by the way he
presided over the famous Heath mur-
der trial in Fresno some years ago.
The Fresno public was so impressed

with his conduct of that case that he
was afterward called upon to preside
in one of the greatest irrigation suits
ever tried in the State. At different
times he has sat in San Bernardino,
Troy and San Francisco, and wherever
he has gone has established the repu-
tation of being an able, painstaking
and high minded judge.
"I shall make no canvass of the
State," said Judge Shaw to a report-
er. "While here I have taken occa-
sion to call on some personal friends,
but I shall take no part in political
discussions. I will return to Los An-
geles tomorrow and continue to try
cases during the remainder of the
campaign as my calendar is somewhat
crowded."

The attorneys in Oakland who know
Judge Shaw speak in the highest
terms of him.

**ORRIN HENDERSON TO
SPEAK AT LIVERMORE.**

The Republicans will hold a big
campaign rally at Livermore next
Monday night, October 6th. Nearly
all the County candidates will be in
attendance.

But the chief speaker will be Orrin
S. Henderson of Stockton, the Repub-
lican nominee for Railroad Commis-
sioner in this district. Mr. Hender-
son is at present Chairman of the
Board of Supervisors of San Joaquin
county. He is a forceful speaker. Mr.
Henderson will attend all the Repub-
lican County candidates' meetings in
Alameda county from the 13th to the
15th of October, inclusive.

**MR. METCALF MEETS
CONGRESSMAN LITTLEFIELD.**

Congressman Littlefield of Maine
speaks in Stockton tonight. Yesterday
he was taken on an excursion around
the bay in the revenue cutter Golden
Gate. At Goat Island the party was
received by Admiral Glass. After in-
specting the Naval School and the
Training School, the party visited the
quarantine station on Angel Island, the
battleship Oregon at the Union Iron
Works and other points of interest.
In the evening Mr. Littlefield re-
ceived a call from Congressman Met-
calf, at whose instance he came to Cal-
ifornia. The two Congressmen ex-
changed views on the political situa-
tion here and in the East, and in-
dulged in some pleasant reminiscences
of their experiences in Washington.
Mr. Littlefield will speak in Oakland
on October 11th.

**ALAMEDA REPUBLICANS
TO HOLD RALLY.**

Alameda Republicans will open the
county campaign with a rousing meet-
ing tomorrow night at the West End
Wigwam. There will be fire-works,
bon-fires, brass bands, speech making

and campaign songs. Hon. Joseph R.
Knowland and Dr. C. L. Tisdale have
the arrangements in hand, and they
are going to make the occasion one of
the liveliest rallies of the campaign.
The speaking will be confined to local
orators and the county candidates.
On October 21st another Republican
meeting will be held in Armory Hall,
on Park street.

**LABOR LEADER TO
STUMP FOR PARDEE.**

Thomas J. Roberts, a well known
railroad man and a leader of the A. R.
U. in the strike of 1894, has taken
the stump for Dr. George C. Pardee. To-
night he will be the principal speaker
at a Republican rally in West Oakland.
Mr. Roberts will make a canvass of the
mining counties in behalf of the Repub-
lican candidate for Governor, speaking
from the standpoint of a union labor
man.

**MAGNOLIA CLUB
FALLS INTO LINE.**

The Magnolia Republican Club held
an enthusiastic meeting last night in
Magnolia Hall, Seventh and Magnolia
streets. Addresses were made by many
members, and a resolution endorsing
the Republican ticket was unanimously
adopted. The election of officers re-
sulted in the selection of Andrew Blau-
kie as president; Frank K. Fossati,
chairman; J. J. Donnelly, vice-presi-
dent; B. R. Fraser, Secretary, and Wil-
liam Quigley, treasurer.

**UNION LABOR RALLY
AT UPPER FRUITVALE.**

The Union Labor party will hold a
lively rally in Upper Fruitvale tonight.
A number of the county candidates
will be present, and several good speak-
ers will deliver addresses.

BURGLARS AT WORK

While the family was absent at the
theater last night thieves entered the
residence of Mrs. A. Burstorm at 621
Twentieth street, and made away with
a purse containing \$40 in gold coin.
Although valuable silverware and jew-
elry was left open to the touch of the
thieves, nothing was taken. The bur-
lary has been reported to the police
authorities and Detectives Shorey and
Holland have been detailed to inves-
tigate.

**PRESIDENT WHEELER WILL

SNYDER PLEADS
THE STATUTES

**NEW YORK BANKER MAKES A
NEW TACK IN BRIBERY
CASE.**

ST. LOUIS, Oct. 2.—When the trial
of Robert Snyder, banker and promot-
er, charged with perjury in connection
with the Central Traction bill was re-
sumed in Judge Ryan's court today,
Circuit Attorney Folk began the task
of proving that the defendant's case
did not come under the statute of limi-
tations and therefore he was not ex-
empt from prosecution.
The Missouri statute on limitations
reads:
"In all cases, the time during which
any defendant shall not have been an
inhabitant of or usually resident with-
in this State shall not constitute any
part of the limitations."
The period of limitation for bribery
is two years. It is the State's contention
that Snyder has been a resident of
New York for the greater part of
the time since the Central Traction
bill was passed, in 1898, and cannot
therefore receive the benefits of the
statute of limitations.
The defense will undertake to show
that he lives and has lived at Kansas
City.

The question will turn on the mean-
ing of the words "inhabitant" and
"Resident" contained in the statute.
The controversy over the meaning of
these words in their relation to the
Snyder case, commenced last night
when Alexander Konta was called to
the stand as a witness for the State.
A question as to where Snyder's re-
sidence was, from March, 1899, to April,
1900, propounded by the Circuit Attor-
ney, caused a lengthy debate to be en-
tered into by opposing counsel as to the
significance of the words.
Judge Ryan decided that the matter
of Snyder's residence was one of fact
that the jury would have to decide af-
ter hearing the evidence.
He ruled that the statute of limita-
tions meant in effect that a man's re-
sidence was the place where he person-
ally lived.
